Chris Wendel is a Lakeland, Florida, native who's published eight books, including an award-winning thriller series featuring his character Det. Becker Gray. He is currently working on a new standalone thriller novel. When not plotting murders, kidnappings, and the chaotic lives of complex characters, he is working through an endless TBR pile, traveling, attending music festivals, seeking exemplary culinary experiences, exercising, tinkering with the guitar, and cheering on his favorite soccer team (Orlando City).
